

Table of Contents

Structural Integration: Roots and Evolutions

Ida P. Rolf – page 5

Postural Release: An exploration in Structural Dynamics

Pedro Prado – page 9

Advances in the Theory and Practice of Rolfing®

New Insights in Manipulation

Karen L. Bolesky – page 28

Structural Analysis: The holographic body reading model is a typical random pattern

Sherri Cassuto – page 34

Intra-Innominate Distortions: Making a case

Sherri Cassuto – page 38

A Fresh Look At Tensegrity, or...I didn't grow up playing with a tensegrity mast, did you?

Clay Cox – page 45

Temporomandibular Joint Dysfunction: Overview, assessment and treatment

Thomas Myers – page 54

Extensor Coxae Brevis: Treatment strategies for the deep lateral rotators in pelvic tilt

Stephen Evanko – page 61

Extracellular Matrix and the Manipulation of Cells and Tissues

Libby Eason – page 69

In Support of Arms

Working with Clients

Ray Bishop – page 71

The Seductive World of the Sensitive

Anita Boser and David Lesondak – page 78

Helping Clients Understand Their Fascial Network

Scott Gauthier – page 81

Structural Integration as a Model Craft: The 10-series as a learning tool

Maria Eduarda Buarque de Gusmão – page 83

The Self and Gravity: An evolutionary process from the ideas of Ida Rolf and C. G. Jung

Sol Petersen – page 91

Cultivating Body-Mindfulness: The heart of Structural Integration

James Earls – page 106

D.A.S.I.E.

Equine Structural Integration

Jim Pascucci – page 110

The Importance of "Collection" in the Ridden Horse

Joseph Freeman – page 117

Addressing the Neigh-Sayers

Schools of Structural Integration

Brigitte Hansmann – page 123

DFA Somatic Pattern Recognition

Dan Bienenfeld – page 133

What is Hellerwork Structural Integration...What's in a Theme?
